

# INVITATION

## to attend the **FREE** Child Health Regional Forum

Profile Productions have been organising FREE events for Child Health Professionals for over 40 years, helping you keep up-to-date with **current issues** and challenges faced by families and parents throughout the country. The schedule for 2017 continues to deliver **quality education** on your doorstep with the added benefits of **networking** with your local colleagues and discovering what products are available to the families you support. The Child Health Regional Forum series is free to attend, relevant to your practice and an ideal opportunity to **update your learning locally**.

### What do our delegates say?

*'I enjoyed networking with the other professionals' Durham*

*'Lorraine was an excellent speaker who was very informative. I have attended many talks and training events about Autism over the years but this was one of the best.'* London

Profile Productions

## Autism – The Impact on Children and Families

**Lorraine MacAlister**  
**Autism Training Consultant**  
**National Autistic Society**

An Autism Training Consultant for The National Autistic Society (NAS), the leading UK charity for autistic people (including those with Asperger syndrome) and their families, Lorraine is passionate about increasing understanding of autism.

Lorraine has worked with a variety of individuals on the autism spectrum, including working in residential settings for autistic adults and at a local Autism Services Group. She holds a Bachelor's degree in Psychology and a Postgraduate Certificate in Autism.

Working at the NAS since 2005, Lorraine has delivered a variety of autism training to both professionals and families. Covering topics including autism, the SPELL framework, sensory differences, continence, relationships, sexuality and boundaries, and is currently working on the development of an online module for clinicians on diagnosis of autism in women and girls. She has lectured on autism at a variety of UK Universities and is an Honorary Lecturer at the University of Cumbria.

Publications include *Toilet Training and the Autism Spectrum: A Guide for Professionals* (2016) with Dr Eve Fleming, *Toileting problems in children with autism* (2014) in The Nursing Times, and the Autism Seminars for Families Facilitator Resource Pack for The National Autistic Society. Lorraine has recently developed the new NAS Teen Life parent support programme and accompanying Licensed User Training.

### Tuesday 5<sup>th</sup> December 2017
